

Based on the context of your **InternLeave** system (specifically the apply.php page where students upload "Supporting Documents" for Medical Leave), I assume by "**MC**" you mean a **Medical Certificate**.

I cannot directly create and download a PDF file for you. However, I can provide you with the **text content** of a sample Medical Certificate. You can copy this into Microsoft Word or Google Docs and save it as a PDF to use for testing your file upload feature.

Here is a sample **Medical Certificate** template you can use:
